Dear Sister Edith:-

Thanks for the nice long letter-"Annual" I suppose. I have been wanting to answer it for sometime - I realy havent time now, but you may be waiting to find out your correct age that you were asking for.

yes I consulted the old family Bible & here is the dope - Edith Inzella Hartzell Born in Lamont Mich. Ottaway Co. March 9-1869.

Here is wishing you good luck & I hope you get a good big one - Pension, you aught to have a lot of back Pension money coming to - & being a Nurse professional, aught to make quite a difference - besides you come near dying while there - tell them you havent been the same since &c.

Sarah says you havent answered the question yet - do you wear False teeth & glasses &c. she has all those things, but cant get used to her lower teeth - I tell her she must get used to them before she goes to see you - so she can talk to you & eat something besides soup - for this isnt going to be no soup party if we go. Ava & John are getting all fed up on "literature" on trip to Calif. by Motor

SUBJECT:-
